Scouting is a worldwide movement dedicated to outdoor skills, leadership, community, and service. BPSA believes this program should be **available to everyone, youth and adult, regardless of gender identity, religious choice, sexual orientation, race, ability, income level, or nationality. We welcome all families.**

Our focus is on empowering youth through hands-on practice in small groups, led by peer leadership. Service is one of the core tenets of our program in all age groups. Youth and adults are actively participating in meaningful service in their community, school, and home.
