# Being Educated for Nonkilling

What is being educated for Nonkilling?  
It's the hardest challenge to Humankind  
For it calls for more than harmonizing  
and implies the dignifying of every mind

What is being educated for Nonkilling?  
It can mean a Commandment applying  
or a unique moral obligation instilling  
with a social responsibility complying

What is being educated for Nonkilling?  
It is the ultimate educational right  
involving Life-saving-and-preserving  
giving all creatures a peaceful light
