What would you like to get out of this gathering?

I would like to learn more about humiliation studies and the urban divide and ideas for lessening the increasing wealth gap in the United States

What would you like to contribute to this gathering?

Together with my colleague Dr. Mara Alagic, I think aspects of our ThirdPlaceLearning model may have application in bridging the urban divide.

What does dignity mean to you and your work?

While we have unequal distribution of power and wealth, the world will remain unstable — a place in which many have no dignity and are constantly humiliated. This is difficult for the privileged people to appreciate.
