What would you like to get out of this gathering?

Nepal has only recently formalized right to dignified life to its citizens in the constitution. As a law student and a Nepalese citizen, I would like to fully grasp the meaning of human dignity and humiliation in a precise manner.

What would you like to contribute to this gathering?

I hope I will be able to participate actively in the gathering and shed light on the status and understanding of human dignity in Nepal.

What does dignity mean to you and your work?

Being able to work and express my ideas without any unreasonable restrictions or discrimination

**Thank
You!**
