

## WELCOME TO THE ONLINE GATHERING

### What If? Ecovillage Solutions for Extraordinary Times

1. To access the sessions, please **click on the link under the session** that you would like to attend.

**2. All times are in CET.**

Please consult <https://www.timeanddate.com/worldclock/converter.html> if you are in another time zone.

3. To get the best experience, please ensure that your computer has a robust Internet connection.

4. Share your thoughts throughout the weekend via social media using the hashtag **#whatif**

5. We know online events are different to in-person spaces. One core element we miss is the spontaneous interpersonal connection and conversation.

**Enter Discord:** in an attempt to emulate the inter-connection that we would expect to find together in-person we are experimenting with new tools.

We invite you to follow this link to begin your journey with Discord:
